

Windows Mail Setup (VISTA)

1. Click on "Start" > "All Programs" > "Windows Mail"

2. Enter the Users full name then click next

The image shows a screenshot of a Windows-style dialog box with a blue header bar. The title bar contains a back arrow icon on the left and a close 'X' icon on the right. The main content area is white and contains the following text:

Your Name

When you send e-mail, your name will appear in the From field of the outgoing message.
Type your name as you would like it to appear.

Display name:

For example: John Smith

[Where can I find my e-mail account information?](#)

At the bottom right of the dialog box, there are two buttons: "Next" and "Cancel".

3. Enter the full users full email address then click next

Internet E-mail Address

Your e-mail address is the address other people use to send e-mail messages to you.

E-mail address:

For example: someone@microsoft.com

[Where can I find my e-mail account information?](#)

Next Cancel
