

## **Because some things are beyond our control, there's Premium Wire Care with Modem Protection**

We pride ourselves on providing reliable, high quality services to our customers, but sometimes there are problems we do not have any control over. That's where Premium Wire Care with Modem Protection comes in.

For only \$5.00 a month Premium Wire Care with Modem Protection will cover the following:

- Repair or replacement of damaged telephone wiring and jacks in your home
- Repair or replacement of damaged DSL wiring and jacks in your home
- Repair or replacement of DSL Modem/Router (\$60 value)
- Labor (\$100 per hour charge)
- Mileage charges
- Damage due to lightning or power surge
- Accidental damage caused by customer
- Damage inherent to defect of equipment

This agreement does NOT cover the following situations or items:

- Move requests
- Telephones, answering machines, or cordless phones
- Wiring and modems destroyed by fire, flood or natural disaster
- Wiring that doesn't meet minimum NEC wiring standards
- Equipment not purchased from RT Communications, Inc.

*Premium Wire Care with Modem Protection is available for residential customers only.*

***The annual cost of Premium Wire Care with Modem Protection (\$60.00) is less than a single hour of labor or the cost of a new modem if something were to happen.***
